1. Each Director is responsible for their own section so please arrive in plenty of time (eg 30+ minutes before).
2. Player with \* sets up sections in CompScore. We only need one person in the scoring room.
3. Allow time for scoring/anomalies at the end of the session, checking the kitchen - dishwasher emptied and turned off, room cleanup & lockup. Both Directors are responsible to check anomalies. Do this before the players go home so you can check with the players if something is odd. Print an anomalies report during the last round.
4. Spare player please be available from 12:30 to help the Director to organise the players.
5. Don't match up solo players until you have a good handle on who is here.
