President's Report

The calendar year drew to a close with many examples of good bridge throughout December. Despite quite a bit of rain on the day, the Christmas Party and Awards Ceremony was a great success with excellent food and lots of fun. Our Club Patron, Clive Berghofer AM, presented the Clive Berghofer Shield to Val McClement and Eileen Josey. This is our premier competition and Val and Eileen have won it two years in a row. Clive, and our neighbours Viv and Juelle Weier then joined us for lunch.

January 10th saw Toowoomba, Murphy's Creek, Helidon, Grantham and towns further East experience a devastating water deluge and associated flooding. The loss of life and damage to property was horrific. Much of the rest of Queensland has also experienced damaging floods, including our near neighbours of Dalby, Ipswich and Brisbane. A number of our own members have sustained some property damage due to flooding, so please lend a gentle ear and help when ever you can.

It will be a mammoth task to rebuild in many areas. We are hosting a Flood Relief Fundraising Appeal (a graded pairs event) on Sunday 30th January with proceeds to the Queensland Premiers Flood Relief Appeal. Please join in if at all possible.

I was extremely saddened to learn that Vi Vella passed away on Tuesday 25 January. Vi was an institution at the Toowoomba Bridge Club and at many other bridge clubs in south east Queensland. Vi would often play four or more times a week and was a regular on the Queensland Congress scene. Vi was a long serving Director and committee member and was President of the Toowoomba Bridge Club for four years. She loved her bridge despite often asserting that "I never get any points" and "These are funny cards, aren't they?". Vi was one of the true characters of the game and will be sorely missed.

A momentous occasion is coming up on the bridge calendar - the Gold Coast 50th Congress! It would be good to see as many people as possible play in some part of this event. The teams are always most enjoyable. All events include an Open, Restricted and Novice section; so there is no need to feel intimidated. (Although I did play in the Open Teams a few years ago with Chrissy Watson and after a couple of wins we ended up playing against a USA team. They were the nicest and fairest bridge players I have encountered - pity we lost by 74 IMPs).

If you don't like Congresses or cannot travel, then enjoy your bridge at the club. We have a full program again this year.

Happy bridging

Thanks ☺

Tournament Sub-committee: Talk to your Director or a Committee member about the activities of this sub-committee, which cover all facets of bridge play at the club.

Social and Fundraising Sub-committee: This group helps organise all the social events at the club such as Melbourne Cup party, Christmas party, Birthday party and perhaps a few other special events through the year.

Maintenance Sub-committee: This sub-committee, led by Will Higgins, looks after all of the building and surrounding gardens. If you notice something needs repair, then let Will know by having a chat to him (he tends to play Tuesday nights and Saturdays) or add a note to the "maintenance register" next to the results noticeboard. Providore's Report

Firstly, I would like to extend to all members a very Happy and Prosperous New Year, hopefully you were not too effected by the flood waters we experienced this month.

Lunches are back to normal this week after Elizabeth and I both had a short break from kitchen duties.

We are looking forward to a busy year ahead starting off with the Novice Pairs Congress on Sun. the 27th of March. We will be grateful for any donations of slices or savouries for the event, a list will be put up on the notice board before the event.

Also there is a weekly roster for donations of cakes or savouries. I hope you will all participate in donating something once in awhile if you don't bake you could buy something simple. All donations will be greatly appreciated. I also wish to thank all the people who donated throughout 2010 you know who you are and I am very grateful for your donations.

If you have any suggestions for a better kitchen please phone me or see me at the club.

Have a great year playing bridge and socializing in 2011.

Two women were playing golf. One teed off and watched in horror as her ball headed directly toward a foursome of men playing the next hole.

The ball hit one of the men. He immediately clasped his hands together at his groin, fell to the ground and proceeded to roll around in agony. The woman rushed down to the man, and immediately began to apologize 'Please allow me to help. I'm a Physical Therapist and I know I could relieve your pain if you'd allow me, she told him.

'Oh, no, I'll be all right. I'll be fine in a few minutes,' the man replied. He was in obvious agony, lying in the foetal position, still clasping his hands there at his groin. At her persistence, however, he finally allowed her to help. She gently took his hands away and laid them to the side, loosened his pants and put her hands inside. She administered tender and artful massage for several long moments and asked, 'How does that feel'?

Feels great, he replied; but I still think my thumb's broken!

WORKSHOPS FOR 2011

I will be holding workshops on the third Thursday of each month at 9am finishing at 11.30. I will need to know how many are coming so I can deal the appropriate number of boards. So, if you are interested, please put your name on the form pinned to the noticeboard in the entry foyer.

FEBRUARY: Gerber with extended CRO responses

The advantage of this system over Gerber is that certain pairs of Aces can be identified as to what suit they belong to.

MARCH: Transfers after 1NT opening

The advantage of this system is that when you end up playing in a suit, the stronger hand stays hidden and you have a solution how to show a five card major and 8 HCP compared to normal Standard bidding where bidding 2 of a major is weak <8 and bidding 3 of a major promises 10 HCP.

APRIL: Cappelletti overcalls after 1NT

This system gives you a defence to 1NT bid by the opposition with a variety of hands.

MAY: 2♣ Checkback

This convention allows you to find out if your partner has 12, 13, or 14 points when they rebid 1NT. When you have 11 points this can solve your dilemma as to whether to bid on to game.

JUNE: Splinter Raises

Splinter bids are used to show good support for the last bid suit and a singleton in another suit. It is a game force bid with slam possibilities.

Plus: **Roman Key Card Blackwood**

JULY: Drury

This convention allows you to find out if your partner opened light in 3rd or 4th position, or if indeed they had normal opening values.

Plus: **End Plays – strip and throw technique**

AUGUST/SEPTEMBER

Provided there is enough interest, I am happy to run a five week course on Multi Twos.

Conduct and Etiquette

Bridge is a game that should always be played for enjoyment. Unfortunately, there are times when players take actions or make comments that detract from this enjoyment. The Directors and Management Committee of the Toowoomba Bridge Club are committed to improving acceptable player behaviour at all times, so that the game can be enjoyed by all members and visitors.

The Laws of Bridge

Law 74 of the Laws of Duplicate Bridge specifically mentions having a proper attitude:

74A states that:

1. *1.A player should maintain a courteous attitude at all times.*
2. *2.A player should carefully avoid any remark or action that might cause annoyance or embarrassment to another player or might interfere with the enjoyment of the game.*
3. *3.Every player should follow uniform and correct procedure in calling and playing.*

74B states that, as a matter of courtesy a player should refrain from:

1. *Paying insufficient attention to the game.*
2. *Making gratuitous comments during the auction and play.*
3. *Detaching a card before it is his turn to play.*
4. *Prolonging play unnecessarily (as in playing on although he knows that all the tricks are surely his) for the purpose of disconcerting an opponent.*
5. *Summoning and addressing the Director in a manner discourteous to him or to other contestants.*

Law 74C gives examples that are violations of these rules.

Laws 90 and 91 define the Directors authority to apply Procedural Penalties and Disciplinary Penalties.

Toowoomba Bridge Club ByLaw 5

In addition, the Toowoomba Bridge Club ByLaw 5 (available on the club website) details a number of actions that may be considered as offences against the Club and its Members. These are actions that may or may not pertain to the Laws of Bridge:

ByLaw 5.1

The following is a list of examples of conduct that may be the subject of a Conduct Review and which, if proven, are considered to be offences against the Club and its members. The list is not an exhaustive list of possible offences.

- 1. Improper communication between partners.*
- 2. Failure to maintain a courteous attitude towards a partner or opponents.*
- 3. Disruption of the orderly progress of the game.*
- 4. Interfering with the enjoyment of the game including making frivolous or groundless complaints.*
- 5. Any remark or action which causes annoyance or embarrassment to another player or person in the Club rooms or at any place where the member is present as a bridge player.*
- 6. Any attempt by remark or action to bring the Club, the QBA or the ABF into disrepute.*
- 7. Theft or deliberate destruction of property, including property of the Club.*
- 8. Offences against non-members.*
- 9. Any offence by a Club member against a non-member that might be subject to a penalty under civil or criminal legal action may also be considered by the Management Committee as the subject of a Conduct Review.*

Making a Complaint

Full details of the steps to be taken if you need to complain about alleged poor behaviour or any other impropriety at the bridge table, in the clubrooms or elsewhere are contained in ByLaw 5, but these can be summarized as below:

1. Bring the matter to the attention of the Director **immediately**.
 - a. In many cases, the Director will be able to resolve the matter before everyone goes home.
 - b. If not, the Director will gather the necessary information so that the matter can be attended to by a Conduct Review subcommittee.
 - c. The person against whom the allegation is made has a right to know of the allegation and has a right to immediate reply. The Director will make sure that no confrontation will occur at this time.
 - d. If the Director is involved, then bring the matter to the attention of any other Director in the room.
2. If the matter occurs outside of a bridge session, then contact the Secretary immediately. The Secretary will help to gather all relevant facts; and may get you to complete a Conduct Review Form.
3. If required, a Conduct Review subcommittee (comprised of the President, Vice-President and one other committee member) will consider the matter in detail. For further information on this process see ByLaw 5.5.
4. The Conduct Review subcommittee may also impose penalties as appropriate. An appeal process is documented in ByLaw 5.6.

The primary aim of this process is to resolve matters as quickly as possible and ideally before everyone goes home. The ability of the club to act in these matters is severely diminished if correct procedures are not followed.

Chris Snook
President

Touch my toes? Sure. Easy!

Club President Chris Snook has had an operation on a dicky ankle and has soldiered on running the popular Thursday-night restricted play session. But he threatened at a recent night to charge \$20 for each "Director" call!

Card Holders

The club has recently purchased a number of card holders which many users have found to be very useful if you are having difficulty holding all of your cards in your hand. They are available for sale at \$15.00 each and may be purchased at any session – talk to your director.

Lost Clothing

The Club has accumulated a large amount of clothing, jackets, cardigans, jumpers which have been left behind on the clothes hooks. If you have lost something, please check to see if it is at the Club. Anything not claimed after a couple of months will be sent to Lifeline.

Your thoughts

With you sitting West, you have these great values and you hear this amazing auction. It happened so fast that you did not even stop to think about doubling; however, seeing that the contract made, you are pleased that you did not.

The reader's problem

How did South land this contract?

Solution

South took the DK with the ace and discarded C4 from hand, and led DJ for another club discard, and West took with DQ.

West now has no resource.

After a diamond lead, South plays DT discarding a third club and the CA is cashed. Dummy is entered twice via trumps to ruff two clubs high to set up dummy's fourth club. Dummy is entered via a third round of trumps (drawing the last trump) and to play the remaining club to ditch H9. South now claims, taking two diamonds, two clubs, a heart, two club ruffs and five trumps.

After a heart, South takes in hand, cashes the CA, enter dummy with a trump, discards his last club on DT, ruffs a club high, re-enters dummy via trumps, ruffs a second club high, and re-enter dummy via a third trump to

discard H9 on dummy's good fourth club. And South claims.

After a club, South takes CA in hand, enter dummy with a trump, discards his last club on DT, ruffs a club high, re-enters dummy to via trumps, ruffs a second club high, and enter dummy via a third trump to discard H9 on dummy's fourth club. And South claims.

The Postmortem

On the lay of the cards the contract fails on any other lead, including from your unleadable KJ holdings. So some day one might learn to make the right (... or is it the wrong?) lead.

BEST LAWYER STORY OF THE YEAR

This took place in Charlotte North Carolina. A lawyer purchased a box of very rare and expensive cigars, then insured them against, among other things, fire.

Within a month, having smoked his entire stockpile of these great cigars, the lawyer filed a claim against the insurance company.

In his claim, the lawyer stated the cigars were lost 'in a series of small fires.' The insurance company refused to pay, citing the obvious reason, that the man had consumed the cigars in the normal fashion.

The lawyer sued and WON! (Stay with me.)

Delivering the ruling, the judge agreed with the insurance company that the claim was frivolous. The judge stated nevertheless, that the lawyer held a policy from the company, in which it had warranted that the cigars were insurable and also guaranteed that it would insure them against fire, without defining what is considered to be unacceptable 'fire' and was obligated to pay the claim.

Rather than endure lengthy and costly appeal process, the insurance company accepted the ruling and paid \$15,000 to the lawyer for his loss of the cigars that perished in the 'fires'.

NOW FOR THE BEST PART... After the lawyer cashed the check, the insurance company had him arrested on 24 counts of ARSON!!!

With his own insurance claim and testimony from the previous case being used against him, the lawyer was convicted of intentionally burning his insured property and was sentenced to 24 months in jail and a \$24,000 fine. This true story won First Place in last year's Criminal Lawyers Award contest.

ONLY IN AMERICA... NO WONDER THE REST OF THE WORLD THINKS THEY'RE NUTS.
